Sir:

RESPONSE TO ELECTION/RESTRICTION REQUIREMENT

In an Election/Restriction Requirement dated May 19, 2004, Applicant hereby elects Specie A defined by the Examiner. Claims 1-12, 29, 30 and 32 read on the elected specie.

It is respectfully submitted that the subject matter of all pending claims 1-12, 29-33 is related such that a thorough search for the subject matter for any one specie would encompass a search of the subject matter of the remaining specie. Further it is submitted that the total number of species is not an unreasonable number of species to examine. Thus, it is respectfully submitted that the search and examination of the entire application could be performed without serious burden. M.P.E.P. § 803 clearly states that "if the search and examination of an entire

application can be made without serious burden, the Examiner must examine it on the merits, even though it includes two distinct or independent inventions.” It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to the Applicant and duplicative examination by the United States Patent and Trademark Office. Accordingly, Applicant respectfully requests reconsideration of the Election of Species Requirement.

Applicant respectfully requests formal examination of this application.
